Dein Projekt  
jetzt.*

A poster for a hackathon event. The background is a dark blue space with white stars and a network of white lines connecting nodes. In the top right corner, there is a logo for Hochschule Kaiserslautern, University of Applied Sciences. The main text reads 'HACKATHON 2019' in large white letters, followed by 'vom 25.02. - 02.03.' and 'Aula - Campus Zweibrücken'. The central part of the poster features six hexagonal frames containing various images: a modern building, a bar chart, a hand holding a glowing blue sphere, a construction crane, a workshop with people, and a grid of code. The overall theme is technology and innovation.
